

13 June 2018

SINGLE TOUCH PAYROLL DEFERRAL NOTICE

DEFERRAL 46 967 487

To whom it may concern

The ATO has worked with Viewpoint Software and granted a deferred start date for Single Touch Payroll for existing users for the following product:

ProductVersion	Deferred start date	Deferral Number
JobpacConnect	31 December 2018	46 967 487

Your payroll software provider will work with you to help you transition to Single Touch Payroll reporting within this timeframe. Contact your provider to find out more.

1. This deferral applies to you if you are an existing user of the product and continuing to use this product.
2. You are covered by your payroll software provider's deferred start date. The deferral period is to allow a reasonable time for you to onboard. You will need to start reporting **on or before** this date.
3. You do not need to contact the ATO if you will be reporting on or before the deferral date.
4. You do not need to apply for your own employer deferral separately **unless** you have extenuating circumstances and won't be ready by the deferred start date, and need additional time.
5. You can start reporting to us through your updated software as soon as it's ready.

Visit www.ato.gov.au/stp for information on applying for a deferral.

Yours sincerely

John Shepherd

Assistant Commissioner
Australian Taxation Office
