

Healthy Habits for Your Professional Success in 2023

At the beginning of every new year there is always an influx of articles, blogs and news reports that speak to the new health and wellness activities we should consider as part of our new year resolutions.

Popular recommendations include drinking more water, ramping up your cardio routine, taking on a new activity like yoga or stretching, the list goes on...

Here in [The Network](#), we're obviously not qualified to give you health advice but we can shed some light on activities and resources that are designed to help you be successful with your Trimble Viewpoint products and services:

1. **Webinar Digest** – This monthly email publication details all upcoming webinars. From product how-tos to thought leadership topics, webinars are a great way to stay up-to-date on Trimble Viewpoint products and services.
2. **Customer Success Bulletin** – Our quarterly bulletin is designed to make sure you are aware of the activities, information, updates, and training that are available to you at Trimble Viewpoint. We will also highlight recent happenings in our customer success programs, Viewpoint Academy, Viewpoint Portal, and of course, The Network. Our first next issue of 2023 will be sent out on January 26, 2023 and you can find past versions of the bulletin [here](#).
3. **Viewpoint Academy** – Are you looking for training or certification? Head to the [Viewpoint Academy](#). You will find quick tips to improve your workflows, learning plans that guide you through role-based training programs, live instructor-led courses and certification programs designed to make you the expert your company needs.
4. **Customer Portal** – The [Viewpoint Customer Portal](#) is your one-stop for support and product knowledge. You can chat with a support specialist, open a support ticket, troubleshoot technical issues, download the latest releases, access product resources and much more. An authorized user at your company can set up your

account in the Customers Portal and [here are detailed instructions](#) on how to add or edit users.

5. **Technology Huddles** – Each quarter, our product experts show you what's new and what's next for Spectrum, Vista and Construction Operations in our Technology Huddle webinars. In addition to the demo, they always leave time to answer your questions. And, we continue the conversation in The Network after the fact. You'll find a dedicated discussion category for each Technology Huddle so you can review the Q&A, find the webinar recording and ask questions of our product experts yourself. You can register for these webinars here in The Network or through the monthly webinar digest.
6. **Professional Services & The Punch List Webinar Series** – Viewpoint's Professional Services team offers a wide variety of Consulting Services. From training on new features and implementing new modules to managing employee changes, we've got you covered. Visit the [Customer Portal](#) to submit a service request. The Professional Services team also hosts monthly webinars where product experts cover topics that include new and existing product features, tips & tricks, and more. You can register for these webinars here in The Network or through the monthly webinar digest.
7. **Workshops** – If you are looking for a more informal, roundtable style session to learn how to get the most out of your Trimble Viewpoint products? Try one of our product expert-led Workshops. Each workshop session is designed to answer your questions and help you learn about product specific features. Right now we are offering workshop sessions for [HR Management for Spectrum](#) and more are planned for 2023 so stay tuned!
8. **Trimble Viewpoint Blog** – [The Trimble Viewpoint blog](#) is packed full of industry knowledge delivered weekly. [Be sure to subscribe](#) to get the very latest product and enhancements information, and industry news.
9. **Trimble Viewpoint Professional Services Classroom Training** - This expert-led virtual classroom training is designed to get you and your team up and running and taking full advantage of your Trimble Viewpoint licenses quickly. Our classroom training utilizes a train-the-trainer format and with a regularly occurring predetermined schedule, we are able to bring the expertise of our Professional

Services consulting team to you in an affordable and timely manner.

If you'd like to improve your ROI by putting more of your Trimble Viewpoint licenses to use, classroom training is a great option. Take a minute to learn more about all the different Trimble Viewpoint Professional Services team classroom training options available and how to get started with training today!

- a. [Viewpoint HR Management](#)
 - b. [Viewpoint Financial Controls](#)
 - c. [Viewpoint Field Management](#)
 - d. [Vista Field Service](#)
 - e. [Viewpoint Team](#)
 - f. [Viewpoint Analytics](#)
 - g. [Spectrum Service Tech](#)
10. **On-Demand Webinar Library** – We've recently built out a [Trimble Viewpoint On-Demand Webinar Library](#) that houses all our webinars that have aired in the last year, including the 2022 Year-End webinars if you missed them. These webinar recordings are organized by category so you can easily get to the past webinar you would like to review. This library also links to our [Upcoming Webinars](#) so you know what's on deck.
11. **The Network On-Demand Webinar Channel** – If you haven't checked it out yet, go to the "Activities" tab in the main navigation of The Network and click on the ["Webinars On-Demand" channel](#). We want to make on-demand webinars easy for you to access and share with your colleagues. Previous webinars are currently available for you to check out and we will be uploading new webinars as they air. And, you can come back and view them as many times as you like (up to 2 times per day). These activities are available to you to view and complete as many times as you would like. If you have a colleague you believe you could benefit from one of the webinars, feel free to send them the webinar URL so they can view as well.

If you are not currently receiving one of the email publications listed here but would like to, please visit our [Subscription Center](#) and update your preferences. And, if you have questions about any of the resources listed here, please email us at: network@viewpoint.com.
